- Article 6 Fund Regulation (EU) 2019/2088 – does not focus on sustainability;
- Fund under Art. 8 Regulation (EU) 2019/2088 - aims to promote the achievement of certain environmental and social objectives but does not aim as a main objective to invest in sustainable companies and countries;
- Fund under Article 9 Regulation (EU) 2019/2088 - aims to promote the achievement of certain environmental and social objectives, and this includes investing in companies and countries whose activities or objectives are related to sustainability.

**What is the EU Taxonomy?**  
 The EU taxonomy is a classification system for ecological, sustainable economic activities and is integrated in Regulation (EU) 2019/2088, in particular in Article 8 or Article 9 as they cover environmentally and/or socially sustainable investments.  
 \*For the purposes of this document, also referred to as the „Fund“.  
 \*\*It will make a minimum proportion of sustainable investments with environmental objective of 95% in economic activities that are not defined as environmentally sustainable according to the EU Taxonomy.
